PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Engineering graduate with a diploma from Cape Peninsula University of Technology. Strong theoretical foundation in computer engineering concepts, including process control, microcontroller systems, and network configurations. Experienced in analysing and designing system solutions through academic assignments and projects. Familiar with programming languages such as C#, Java, and C++, with coursework covering mathematics, electronics, and system analysis. Adaptable and able to work under pressure, with a strong attention to detail and a readiness to contribute to team goals. Eager to apply engineering knowledge and make meaningful contributions in the work industry.

CORE COMPETENCIES

- Time Management
- Effective communication and Team collaboration
- Quick learner with growth mindset
- Adaptability and ability to work under pressure
- Strong analytical and problem-solving skills
- Attention to details and accuracy

EDUCATION

Diploma in computer engineering

Cape peninsula university of technology

Relevant coursework: Mathematics 1, Mathematics 2, Software development 1, Software development 2, Electronics, Physical science 1, Physical science 2, System analysis, Electrical engineering, Computer skills, Communication 1, Digital communication 2, Micro controller, Process control 2.

National senior certificate

Setswakgosing secondary school

TECHNICAL SKILLS

- Microsoft Office Suite (Word, Excel, PowerPoint)
- Basic Programming Knowledge: C#, Java, C++
- Report writing & analysis

LANGUAGES

- English fluent
- Setswana fluent
